

DHINAKARAN E

IT Support Engineer | Cluster & Private Cloud Infrastructure
Kalpakkam, Chengalpattu, Tamil Nadu | +91 6381013587 | edhin489@gmail.com

PROFESSIONAL SUMMARY

IT Support Engineer with hands-on experience delivering high-level IT infrastructure, high-performance cluster maintenance, and private cloud maintenance services at IGCAR (Indira Gandhi Centre for Atomic Research). Skilled in server administration, VDI environments, thin-client support, and network operations, with a strong troubleshooting mindset and a foundation in software development. Proven track record of ensuring uptime and reliability for mission-critical computing infrastructure in a government research environment.

WORK EXPERIENCE

IT Service Engineer

2024 – Present

Indira Gandhi Centre for Atomic Research (IGCAR), Kalpakkam

- Deliver high-level maintenance and administration of IVY & NEHA high-performance computing clusters, ensuring continuous uptime for research workloads.
- Provide private cloud infrastructure maintenance services, including virtual machine provisioning, resource monitoring, and performance optimization.
- Administer and troubleshoot Virtual Desktop Infrastructure (VDI) environments and physical servers supporting institute-wide operations.
- Deliver end-to-end IT support for thin-client systems and desktop hardware/software, resolving technical issues to minimize downtime.
- Perform network configuration, upgrades, patching, and security hardening to safeguard critical IT systems.
- Collaborate with cross-functional teams to plan infrastructure upgrades and enforce IT security best practices.

TECHNICAL SKILLS

Infrastructure & Cloud: IT Support, Server Administration, High-Performance Cluster Maintenance, Private Cloud Maintenance, VDI Management, Network Configuration & Security, Patch Management, Microsoft Azure

Programming & Tools: Python, Java, HTML, CSS, JavaScript, Flask, SQL, Git, Jira

CERTIFICATIONS

- Microsoft Certified: Azure Fundamentals (AZ-900)
- Python Programming – IBM
- Data Science – Cisco Networking Academy
- Data Analytics – NoviTech

EDUCATION

B.Tech, Information Technology — CGPA: 8.03

2020 – 2024

Dhanalakshmi Srinivasan College of Engineering & Technology, Mamallapuram

HSC — 60%

2019 – 2020

VS Matriculation Higher Secondary School

SSLC — 80%

2017 – 2018

Govt. Hr. Sec. School, Sadras

ACADEMIC PROJECTS

Deep Learning-Based Human Action Recognition

Jan 2024 – May 2024

- Applied CNN and RNN deep learning models to thermal images for real-time human action recognition; achieved 99.23% accuracy using ResNet-50, YOLOv7, and DeepLabV3+.

University Management System

Mar 2024 – Jun 2024

- Built a full-stack system automating university processes with Flask, HTML, CSS, and JavaScript; deployed on Microsoft Azure with a user-friendly interface and reporting module.
